➤ **INDUSTRIAL STRUCTURE AND DEVELOPMENT:**

Steel industry in the country is coming out of the recession and the prospects are very bright for the steel sector in the country. India's economic growth is contingent upon the growth of the Indian steel industry. Robust industrialization and increase in the population have led to the demand for housing, properties, and other commercial developments. On the same note, the government is striving to improve infrastructures like railway, road, and communication. Due to this rise in demand for steel for all these developments, India's Steel Industry is not going down anytime soon. The growth in the Indian steel sector has been driven by domestic availability of raw materials such as iron ore and cost-effective labour. India was the world's second largest steel producer in 2019. The country surpassed Japan to become the world's second largest steel producer in 2019. As per Indian Steel Association (ISA), steel demand is estimated to grow 7 per cent in FY20 and FY21. The Government has taken various steps to boost the sector including the introduction of National Steel Policy 2017 and allowing 100 per cent Foreign Direct Investment (FDI) in the steel sector under the automatic route, which has significantly increased Foreign Direct Investment (FDI) in steel sector. The Company is in business of trading of steel products, electronics goods. However Competition in the industry is perpetually escalating and management is taking steps to maintain in the budding high tech market.

➤ **OVERVIEW:**

The Financial Statements have been prepared in compliance with the Indian Accounting Standards (IND-AS) issued by the Institute of Chartered Accountants of India (ICAI) which have been notified under the Companies (Indian Accounting Standards) Rules, 2015 ('IND AS Rules'), of the Companies Act, 2013. The management of the Company accepts responsibility for the integrity and objectivity of these financial statements have been made on a prudent and reasonable basis, in order that the financial statements reflect in a true and fair manner the form and substance of transactions, and reasonably present the Company's state of affairs and loss for the year.

➤ **OPPORTUNITY & THREATS:**

Opportunities:

Various initiatives are taken by the Government such as Steel Scrap Recycling Policy to reduce import, levy of export duty on iron ore to ensure supply to domestic steel industry, focus on infrastructure and restarting road projects aiding the demand for steel etc. These will generate a lot of opportunities for the Company which will ultimately lead to achieve the organisation's set goals. Besides this, huge infrastructure demand, rapid urbanization and increasing demand for consumer durables also generate a lot of opportunities for the Company.

Threats:

Spurts of price wars and heavy trade discounts has impacted the Indian Steel Industry. The competition from domestic and international steel companies located in India is also increasing which has eventually exposed enormous strain to the company to survive in this competitive market.

➤ **COMPETITION:**

Competition in the market has strengthened and forced the players to adopt hostile marketing strategy and promotional campaigns to capture and protect their market shares, The Company has the plans to penetrate better in to world market, especially through the patrons retention and business enlargement in the regions which have not been tapped.

Sharp oscillation in value of the Indian Rupee and the increasing inventory prices have put strain on the effectiveness of the Company.

➤ **SEGMENT WISE AND PRODUCT WISE PERFORMANCE:**

Details on segment wise performance of the Company is provided separately in Notes to Accounts.

➤ **RISK AND CONCERN:**

The company has vigorous Risk Management framework that identifies and evaluates business risks and opportunities to guard the interest of stakeholders and shareholders with a view to achieve the business objective successfully. The Risk Management System in the company is a fundamental part of the broad planning, controlling and reporting systems. Risk assessment is undertaken based on probability of occurrence

and possible impact on the operation of the company. It reviews, assesses the quality, integrity and effectiveness of the Risk Management plan and systems and ensures that the risk policies and strategies are effectively managed by the management.

However, the changes in the tax laws, Government policies and regulatory requirement might affect the company's business. Uncontrolled variation in price of input materials could impact the company's profitability to the extent that the same are not absorbed by the market through price increase and / or could have a negative impact on the demand in the market.

The company closely scrutinize the potential risks and opportunities that arise from Political, Economic & Regulatory environment, Technology Changes, Environment and Competition. We also countered the economic risks with proactive production planning, structural alteration and cost litnessness.

➤ **INITIATIVES BY THE COMPANY:**

The Company has taken the following initiatives:

- Concentration on lessening of costs by undertaking precise exercise in diverse fields.
- Concentration on Operational Efficiency and tactical extension.
- Concentration in Increase of Shareholders affluence and revenue of the Company.

The Company is quite convinced that the overall productivity, profitability would improve in a sustainable manner, as an outcome of this strategy.

➤ **OUTLOOK:**

In the recent years, the steel industry has seen crucial precariousness. The profit margins in the industry are under pressure. However, the Company has taken remedial measures. The Company is confident to meet the challenges with its strength in marketing network, its strategic planning, Research & Development, productivity improvement and cost reduction exercise. The market outlook is expected to progress, but with a sluggish growth.

➤ **INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY:**

Your Company places significant emphasis and efforts on the internal control systems. The Company has appointed an independent firm of Chartered Accountant for the same with such powers and responsibilities that are required to ensure the adequacy of the internal Control System.

➤ **HUMAN RESOURCE:**

The Company recognizes the value and input of its employees and solemnly gratitude to create a responsive organization with emphasis on performance with responsibility and answerability. Continuous evaluation of the competencies of the personnel in line with job needs is carried out to aid higher levels of output and productivity. Developing skills and capabilities of workforce to improve manpower deployment and labour yield is a key thrust area of Human Resource Management (HRM) in the Company

➤ **HEALTH, SAFETY AND ENVIRONMENTAL PROTECTION:**

Your Company has complied with all the applicable environmental laws and labour laws. The Company has been complying with the pertinent laws and has taking all essential measures to protect the environment. Various programmes have been taken to reduce environmental footprint and enhancement of operational efficiency have led to noteworthy augmentation in environmental parameters as well as techno-economic efficiency

➤ **CAUTIONARY STATEMENT**

The statements in the "Management Discussion and Analysis Report" section portrays the Company's objectives, projections, estimates, expectations and predictions, which may be "forward looking statements" within the connotation of the applicable laws and regulations. The yearly results can be at variance materially from those expressed or implied, depending upon the economic and climatic conditions, Government policies and other supplementary factors.

➤ **DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL REPERFORMANCE:**

In terms of performance, FY 2019-20 has been a reasonable year. Company is focussed on the task on hand in terms of better reliability of operations and more focussed market efforts. Our financial performance reflected the pragmatic operational performance. Although the entity had incurred losses of 3.34 Lakhs, the company had

earned Rs. 2.15 crores as revenue from operations. Cash and cash equivalents at the end of year stood at Rs. 3.02 Lakhs.

➤ **DETAILS OF SIGNIFICANT CHANGES IN KEY FINANCIAL RATIOS, ALONG WITH DETAILED EXPLANATIONS THEREFOR:**

(i) Debtors Turnover ratio: lower by 23.39%

Explanation: Majorly due to decrease in sales and credit policies of the company.

(ii) Current Ratio: Lower by 5.70%

ANNEXURE – IV TO THE DIRECTORS REPORT**FORM NO. MR-3
SECRETARIAL AUDIT REPORT**FOR THE FINANCIAL YEAR ENDED 31ST MARCH, 2020

[Pursuant to section 204(1) of the Companies Act, 2013 and rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

To,
The Members,
Ashnisha Industries Limited.

I have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate practices by **Ashnisha Industries Limited** (hereinafter called the Company) (CIN:U74110GJ2009PLC057629) having its registered office at **7th Floor, Ashoka Chambers, opp. HCG Hospital, Mithakhali Six Roads, Ahmedabad-380006**. Secretarial Audit was conducted in a manner that provided me a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing my opinion thereon.

Based on my verification of the Company's books, papers, minute books, forms and returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, I hereby report that in my opinion, the Company has, during the audit period covering the financial year ended on 31st March, 2020 complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

I have examined the books, papers, minute books, forms and returns filed and other records maintained by **Ashnisha Industries Limited** (the Company) for the financial year ended on 31st March, 2020 according to the provisions of:

- I. The Companies Act, 2013 (the Act) and the rules made thereunder;
- II. The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
- III. The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
- IV. Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
- V. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-
 - (a) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011;
 - (b) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (c) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018; [Not Applicable to the Company during the Audit Period]
 - (d) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014;
 - (e) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008; [Not Applicable to the Company during the Audit Period]
 - (f) The Securities and Exchange Board of India (Registrars to an Issue and Share Transfer Agents) Regulations, 1993 regarding the Companies Act and dealing with client;
 - (g) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009; and [Not Applicable to the Company during the Audit Period]
 - (h) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 2018; [Not Applicable to the Company during the Audit Period]

- (i) Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015;

I have also examined compliance with the applicable clauses of the following:

- (i) Secretarial Standards issued by The Institute of Company Secretaries of India.
(ii) The Listing Agreements entered into by the Company with Bombay Stock Exchange.
(iii) Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015;

During the period under review the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc.

- A) The Company has maintained a Register of Directors' Attendance as prescribed in the Secretarial Standards.
B) The Directors have signed against their respective names after the meeting has been held.
C) The Company had not received any proxy forms for the Annual General Meeting for the financial year ended 31st March, 2019.
D) The Company has complied with requirements of at least one-third of the total number of directors as independent directors as stated in Regulation 17 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015.

Independent Auditors' Report

UDIN:20163940AAAAIJ3944

To,
The Members,
Ashnisha Industries Limited

Opinion

We have audited the accompanying financial statements of **Ashnisha Industries Limited** ("the Company"), which comprise the balance sheet as at March 31, 2020, and the Statement of Profit and Loss and statement of cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies and other explanatory information.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid financial statements give the information required by the **Companies Act, 2013 ('Act')** in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2020, its loss and cash flows for the year ended on that date.

Basis for opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013, as amended ("the Act). Our responsibilities under those Standards are further described in the "Auditor's Responsibilities for the Audit of the Standalone Financial Results" section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Act and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion.

Management's Responsibilities for the Standalone Financial Results

The Statement has been prepared on the basis of the annual standalone financial statements for the year ended March 31, 2020. The Board of Directors of the Company are responsible for the preparation and presentation of the Statement that give a true and fair view of the loss and other comprehensive income and other financial information in accordance with the applicable accounting standards prescribed under Section 133 of the Act read with relevant rules issued there under and other accounting principles generally accepted in India and in compliance with Regulation 33 of the Listing Regulations, This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the Statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing Statement, the Board of Directors are responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Results

Our objectives are to obtain reasonable assurance about whether the Statement as a whole is free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our

opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of this Statement.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional scepticism throughout the audit. We also:

Identify and assess the risks of material misstatement of the Statement, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls with reference to these financial results, in place and the operating effectiveness of such controls.

Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Board of Directors.

Conclude on the appropriateness of the Board of Directors' use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Company to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the Statement or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and of its Joint Venture to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the Statement, including the disclosures, and whether the financial results represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143 (11) of the Act, we give in the Annexure a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by section 143(3) of the Act, we report that:
 - a. We have obtained all information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - b. In our opinion proper books of account as required by Law have been kept by the Company so far as appears from our examinations of those books;

- c. The Balance Sheet, Statement of Profit and Loss and Cash Flow Statement, dealt with by this Report are in agreement with the books of account;
- d. In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with the Companies (Indian Accounting Standard) Rules, 2015, as amended.
- e. On the basis of written representations received from the directors as on 31/03/2020 and taken on record by the Board of Directors, none of the directors are disqualified as on 31/03/2020, from being appointed as a director in terms of sub-section (2) of section 164 of the Companies Act, 2013.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **M/s Ashnisha Industries Limited** ("the Company") as of March 31, 2020 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial control system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020.

➤ **Significant Accounting Policies**

• **Company Overview**

Ashnisha Industries Limited ("the company") is a listed company domiciled in India and incorporated under the provisions of the Companies Act, 1956. The company is engaged in the business of trading of various steel products and trading of goods. The company is listed on Bombay Stock Exchange.

• **Statement of Compliance**

The Standalone Financial Statements comply, in all material aspects, with Indian Accounting Standards ('Ind AS') notified under Section 133 of the Companies Act, 2013 ('the Act') read with Rule 3 of the Companies (Indian Accounting Standards) Rules, 2015 and other relevant provisions of the Act.

Accordingly, the Company has prepared these Standalone Financial Statements which comprise the Balance Sheet as at 31 March 2020, the Statement of Profit and Loss, the Statement of Cash Flows and the Statement of Changes in Equity for the year ended as on that date, and accounting policies and other explanatory information.

• **Basis for Preparation and Presentation**

The Standalone Financial Statements have been prepared on the historical cost basis, except for certain financial instruments and defined benefit plans which are measured at fair value at the end of each reporting period. Historical cost is generally based on the fair value of the consideration given in exchange for goods and services. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle and other criteria set out in the Schedule III to the Act.

• **Current versus non-current classification**

The Company presents assets and liabilities in the balance sheet based on current/non-current classification. An asset is classified as current when it satisfies any of the following criteria:

- It is expected to be realised in, or is intended for sale or consumption in, the Company's normal operating cycle. It is held primarily for the purpose of being traded;
- it is expected to be realised within 12 months after the reporting date; or
- It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

All other assets are classified as non-current.

A liability is classified as current when it satisfies any of the following criteria:

- it is expected to be settled in the Company's normal operating cycle;
- it is held primarily for the purpose of being traded;
- it is due to be settled within 12 months after the reporting date; or the Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date

Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

- **Property Plant and Equipment**

Property, plant and equipment are stated at acquisition cost net of tax / duty credit availed, less accumulated depreciation and accumulated impairment losses, if any. Properties in the course of construction are carried at cost, less any recognized impairment losses. All costs, including borrowing costs incurred up to the date the asset is ready for its intended use, is capitalized along with respective asset.

Depreciation is recognized based on the cost of assets less their residual values over their useful lives, using the straight-line method. The useful life of property, plant and equipment is considered based on life prescribed in schedule II to the Companies Act, 2013 for year 2019-20. For year 2018-19.

Asset	Useful Life
Office equipment	5 Years
Furniture	10 Years
Office Premise	60 Years
Vehicle	10 Years
Plant & Machinery	15 Years

- **Financial Instruments**

Financial assets and financial liabilities are recognized when an entity becomes a party to the contractual provisions of the instruments. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in profit or loss.

- **Financial Assets**

- **Classification**

The Company classifies its financial assets in the following measurement categories:

1. Those to be measured subsequently at fair value (either through OCI, or through profit or loss), and
2. those measured at amortised cost.
3. those measured at carrying cost for equity instruments of subsidiaries and joint ventures.

- **Initial recognition and measurement**

All financial assets, are recognized initially at fair value

- **Financial liabilities and equity instruments**

Classification as debt or equity

Debt and equity instruments are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangement. An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recorded at the proceeds received, net of direct issue costs.

Equity instruments

The Company subsequently measures all equity investments at fair value. Where the Company's management has elected to present fair value gains and losses on equity investments in OCI, there is no subsequent reclassification of fair value gains and losses to the Standalone Statement of Profit and Loss. When the financial asset is derecognized, the cumulative gain or loss previously recognized in OCI is reclassified to equity. Dividends from such investments are recognised in the Standalone Statement of Profit and Loss within other income when the Company's right to receive payments is established. Impairment losses (and reversal of impairment losses) on equity investments measured at FVTOCI are not reported separately from other changes in fair value.

Financial liabilities

The Company's financial liabilities comprise borrowings, trade payables and other liabilities. These are initially measured at fair value, net of transaction costs, and are subsequently measured at amortised cost using the EIR method. The EIR is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period at effective interest rate. The effective interest rate is the rate that exactly discounts estimated future cash payments through the expected life of the financial liability, or, where appropriate, a shorter period.

Financial liabilities at amortized cost

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortized cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortized cost are determined based on the effective interest method. Interest expense that is not capitalized as part of costs of an asset is included in the 'Finance costs' line item.

Trade and other payables are recognized at the transaction cost, which is its fair value.

- **Fair value measurement**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the financial asset or settle the financial liability takes place either:

- In the principal market, or
- In the absence of a principal market, in the most advantageous market

The principal or the most advantageous market must be accessible by the Company.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use.

- **Revenue recognition**

The Company has adopted Ind AS 115 from 1st April, 2018 and opted for modified retrospective application with the cumulative effect of initially applying this standard recognised at the date of initial application. The standard has been applied to all open contracts as on 1st April, 2018, and subsequent contracts with customers from that date.

Performance obligation: The revenue is recognized on fulfillment of performance obligation.

- **Sale of product**

The Company earns revenue primarily from sale of Steel Product and Trading of goods. Payment for the sale is made as per the credit terms in the agreements with the customers. The credit period is generally short term, thus there is no significant financing component. The Company's contracts with customers do not provide for any right to returns, refunds or similar obligations. The Company's obligation to repair or replace faulty products under standard warranty terms is recognised as provision.

Revenue is recognised when the performance obligations are satisfied and the control of the product is transferred, being when the goods are delivered as per the relevant terms of the contract at which point in time the Company has a right to payment for the asset, customer has possession and legal title to the asset, customer bears significant risk and rewards of ownership and the customer has accepted the asset or the Company has objective evidence that all criteria for acceptance have been satisfied.

- **Borrowing costs**

Borrowing costs are interest and ancillary costs incurred in connection with the arrangement of borrowings. General and specific borrowing costs attributable to acquisition and construction of qualifying assets is added to the cost of the assets upto the date the asset is ready for its intended use. Capitalization of borrowing costs is suspended and charged to the Standalone Statement of Profit and Loss during extended periods when active development activity on the qualifying assets is interrupted. All other borrowing costs are recognised in the Standalone Statement of Profit and Loss in the period in which they are incurred.

- **Taxation**

Tax expense for the year comprises current and deferred tax. The tax currently payable is based on taxable profit for the year. Taxable profit differs from net profit as reported in the Standalone Statement of Profit and Loss because it excludes items of income or expense that are taxable or deductible in other years and it further excludes items that are never taxable or deductible. The Group's liability for current tax is calculated using tax rates and tax laws that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax assets and liabilities are offset to the extent that they relate to taxes levied by the same tax authority and there are legally enforceable rights to set off current tax assets and current tax liabilities within that jurisdiction

- **Current tax**

Tax on income for the current period is determined on the basis on estimated taxable income and tax credits computed in accordance with the provisions of the relevant tax laws and based on the expected outcome of assessments / appeals. Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

- **Deferred tax**

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the Standalone financial statements and the corresponding tax bases used in the computation of taxable profit. Deferred tax liabilities are recognised for all taxable temporary differences. Deferred tax assets are recognised for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilised. Such deferred tax assets and liabilities are not recognised if the temporary

difference arises from the initial recognition (other than in a business combination) of assets and liabilities in a transaction that affects neither the taxable profit nor the accounting profit. In addition, deferred tax liabilities are not recognised if the temporary difference arises from the initial recognition of goodwill.

The carrying amount of deferred tax assets is reviewed at the end of each reporting year and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

- **Earnings per share**

The Company presents basic and diluted earnings per share (EPS) data for its ordinary shares. Basic earnings per share is computed by dividing the profit or loss after tax by the weighted average number of equity shares outstanding during the year. The weighted average number of equity shares outstanding during the year is adjusted for treasury shares, bonus issue, bonus element in a rights issue to existing shareholders, share split and reverse share split.

Diluted earnings per share is computed by dividing the profit/(loss) after tax as adjusted for dividend, interest and other charges to expense or income (net of any attributable taxes) relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares including the treasury shares held by the Company to satisfy the exercise of the share options by the employees

- **Estimation uncertainty relating to COVID-19 outbreak:**

The Company engaged in Trading Activity. The Lockdown announced on the 24th March 2020 and the various announcement by the Government around the time resulted in shut down resulting into undesirable outcome on the business. Our business activity has been shut down during the lockdown period as the Company was not part of Government denominated indispensable services. The Company has assessed the situation and adopted 'Work From Home' approach for the Employees during the entire period of the lockdown.

The Company has resumed business activity from MAY 18, 2020 ensuring strict compliance with the guidelines issued by MHA and also in observance with conditions predetermined by local district Authorities.

- **Steps taken to ensure smooth functioning of operations due to Covid-19 outbreak :**

The Company has put in place following strict monitoring procedure for Covid-19 to ensure smooth functioning of operations:

- thermal screening of all the employees and visitors;
- Sanitizing the premises on regular basis;
- Maintenance of social distancing at all workplaces;
- Enforcing wearing of masks, thermal temperature checking and regular cleaning of hands with soap water of all the employees and visitors;
- Check Aarogya Setu App on regular basis of all the employee.

These are early days and the Company is not in a position to measure with certainty the potential impact on operations but expects normalcy to be achieved only after a quarter. The circumstances are improving gradually.

Fair value hierarchy

The following section explains the judgments and estimates made in determining the fair values of the financial instruments that are recognized and measured at fair value through profit or loss. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial investments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

B. Fair value hierarchy for assets

Financial assets measured at fair value at March 31, 2020

	Level 1	Level 2	Level 3	Total
Financial Assets				
Investment	13,673,345	-	-	13,673,345

Financial assets measured at fair value at March 31, 2019

	Level 1	Level 2	Level 3	Total
Financial Assets				
Investment	13,673,345	-	-	13,673,345

Notes:

Level 1 hierarchy includes financial instruments measured using quoted prices (unadjusted) in active market for identical assets that the entity can access at the measurement date. This represents mutual funds that have price quoted by the respective mutual fund houses and are valued using the closing Net asset value (NAV).

Level 2 hierarchy includes the fair value of financial instruments measured using quoted prices for identical or similar assets in markets that are not active.

Level 3 if one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted compound instruments.

There are no transfers between any of these levels during the year. The Company's policy is to recognize transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

C. Fair value of financial assets and liabilities measured at amortized cost

The Management has assessed that fair value of loans, trade receivables, cash and cash equivalents, other bank balances, other financial assets and trade payables approximate their carrying amounts largely due to their short term nature. Difference between carrying amount of Bank deposits, other financial assets, borrowings and other financial liabilities subsequently measured at amortized cost is not significant in each of the years presented.

For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

➤ Financial risk management

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The board has established the Audit Committee, which is responsible for developing and monitoring the Company's risk management policies. The Committee holds regular meetings and report to board on its activities. The Company's risk management policies are established to identify and analyses the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The audit committee oversees how management monitors compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk.

Risk	Exposure arising from	Measurement	Management of risk
Credit Risk	Cash and cash equivalents, trade receivables, Financial assets measured at amortized cost.	Aging analysis	Diversification of funds to bank deposits, Liquid funds and Regular monitoring of credit limits
Liquidity Risk	Borrowings and other liabilities	Rolling cash flow forecasts	Availability of surplus cash, committed credit lines and borrowing facilities

(a) Credit risk

Credit risk is the risk of financial loss to the company if a customer or counterparty to a financial instrument fails to meet its contractual obligations. The company is exposed to the credit risk from its trade receivables, unbilled revenue, investments, cash and cash equivalents, bank deposits and other financial assets. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counter party credit risk is to prevent losses in financial assets.

Trade Receivables

Trade receivables comprise a widespread customer base. Management evaluates credit risk relating to customers on an on-going basis. If customers are independently rated, these ratings are used. Otherwise, if there is no independent rating, risk control assesses the credit quality of the customer, taking into account its financial position, past experience and other factors

For trade receivables, provision is provided by the company as per the below mentioned policy for the FY 2019-20:

Particulars	Gross Carrying Amount	Expected credit losses rate (%)	Expected Credit Losses	Carrying amount of Trade Receivable
Considered for Goods				
0-12 Months	38,63,272	0	0	38,63,272
More than 1 Year	8,40,85,800	0	0	8,40,85,800
Total	8,79,49,072	0	0	8,79,49,072

(b) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Liquidity Table

The Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods is given below. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows. The contractual maturity is based on the earliest date on which the Company may be required to pay.

As at March 31, 2020

	12,481,228		12,481,228
Total financial liabilities	12,481,228	1,60,00,000	28,481,228

(c) Market Risk

Market risk is the risk arising from changes in market prices – such as foreign exchange rates and interest rates – will affect the Company's income or the value of its holdings of financial instruments. The Company is exposed to market risk primarily related to interest rate risk and the market value of the investments. Thus, the exposure to market risk is a function of investing and borrowing activities

- **Interest rate risk**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

Company's borrowings are Interest free, So there has been no exposure arise regarding Interest Rate Risk.

(d) Price Risk Exposure

The Company's exposure to securities price risk arises from investments held in mutual funds and classified in the balance sheet at fair value through profit or loss. To manage its price risk arising from such investments, the Company diversifies its portfolio. Further these are all debt base securities for which the exposure is primarily on account of interest rate risk. Quotes (NAV) of these investments are available from the mutual fund houses. Profit for the year would increase/decrease as a result of gains/losses on these securities classified as at fair value through profit or loss.

➤ **Others**

- As informed by the management that the loans are interest free, which in our opinion is violation of Section 186 (7) of the Companies Act, 2013.
- Confirmation of the concerned parties for the amount due to them and/or due from them as per accounts of the company are not received. Necessary adjustments, if any, will be made when accounts are reconciled or settled. Balance of sundry debtors and creditors, loans and advances accepted and given in the balance sheet are subject to confirmation.
- In the opinion of board of directors the value of loans and advances and other current assets have a value on realization in the ordinary course of business at least equal to the amount at which they are stated in balance sheet.
- As per National Company Law Tribunal, Ahmedabad Bench Order Dated 29/05/2017 T.P. No. 38/NCLT/AHM/2017, New segment of Trading & Investment Business has been added (Demerged from Lesha Industries Ltd).
- There is carry forward of losses, the company need not to recognize deferred tax assets in the event of non-availability of convincing evidence as to future income.
- The previous year's figures have been reworked, regrouped, rearranged and reclassified wherever necessary. Amounts and other disclosures for the preceding year are included as an integral part of the current year financial statements and are to be read in relation to the amounts and other disclosures relating to the current year.

To,
The Members,
Ashnisha Industries Limited

Opinion

We have audited the consolidated financial statements of **Ashnisha Industries Limited** (hereinafter referred to as the "Holding Company" or the "Corporation") and its subsidiaries (Holding Company and its subsidiaries together referred to as the "Group"), which comprise the consolidated balance sheet as at 31 March 2020, and the consolidated statement of profit and loss (including other comprehensive income), consolidated statement of changes in equity and consolidated statement of cash flows for the year then ended, and notes to the consolidated financial statements, including a summary of significant accounting policies and other explanatory information (hereinafter referred to as the "consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, and based on the consideration of reports of other auditors on separate financial statements of such subsidiaries (EZI Ventures Pvt. Ltd.) as were audited by the other auditors, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("Act") in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at 31 March 2020, of its consolidated Loss and other comprehensive income, consolidated changes in equity and consolidated cash flows for the year then ended.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those SAs are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group, in accordance with the ethical requirements that are relevant to our audit of the consolidated financial statements in terms of the Code of Ethics issued by the Institute of Chartered Accountants of India and the relevant provisions of the Act, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our opinion.

Management's and Board of Directors' Responsibilities for the Consolidated Financial Statements

The Holding Company's management and Board of Directors are responsible for the preparation and presentation of these consolidated financial statements in term of the requirements of the Act that give a true and fair view of the consolidated state of affairs, consolidated loss and other comprehensive income, consolidated statement of changes in equity and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Indian Accounting Standards (Ind AS) specified under section 133 of the Act. The respective Management and Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of each company and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Management and Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Management and Board of Directors of the companies included in the Group are responsible for assessing the ability of each company to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern

basis of accounting unless the respective Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group is responsible for overseeing the financial reporting process of each company.

Auditor's Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on the internal financial controls with reference to the consolidated financial statements and the operating effectiveness of such controls based on our audit.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management and Board of Directors
- Conclude on the appropriateness of Management and Board of Directors use of the going concern basis of accounting in preparation of consolidated financial statements and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the appropriateness of this assumption. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of such entities or business activities within the Group to express an opinion on the consolidated financial statements, of which we are the independent auditors. We are responsible for the direction, supervision and performance of the audit of financial information of such entities. For the other entities included in the consolidated financial statements, which have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors

regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government in terms of Section 143 (11) of the Act, we give in the Annexure a statement on the matters specified in paragraphs 3 and 4 of the Order.
2. As required by section 143(3) of the Act, we report that:
 - a) We have sought and obtained all the information and an explanation which is to the best of our knowledge and beliefs were necessary for the purposes of our audit.
 - b) In our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books.
 - c) The Balance Sheet, the Statement of Profit and Loss, and Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - d) In our opinion, the aforesaid financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with the Companies (Indian Accounting Standard) Rules, 2015, as amended
 - e) On the basis of written representations received from the directors as on 31st March, 2020, taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2020, from being appointed as a director in terms of Section 164(2) of the Act.
 - f) With respect to the other matters included in the Auditor's Report and to our best of our information and according to the explanations given to us:
 - i. The Company does not have any pending litigations which would impact its financial position.
 - ii. The Company did not have any long-term contracts including derivatives contracts for which there were any material foreseeable losses.
 - iii. There is no amount required to be transferred, to the investor's education & Protection Fund by the Company.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of **M/S. ASHNISHA INDUSTRIES LIMITED** ("the Company") as of March 31, 2020 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding company, its subsidiary companies, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on, "internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI)". These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to the respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its subsidiary companies, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2020, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

➤ **Significant Accounting Policies**

• **Company Overview**

Ashnisha Industries Limited ("the company") is a listed company domiciled in India and incorporated under the provisions of the Companies Act, 1956. The company is engaged in the business of trading of various steel products and trading of Goods. The company is listed on Bombay Stock Exchange.

• **Basis of preparation and presentation**

i. **Basis of Preparation**

The Consolidated Financial Statements of the Group have been prepared to comply with the Indian Accounting Standards ('Ind AS'), including the rules notified under the relevant provisions of the Companies Act, 2013. The Consolidated Financial Statements comprises of Ashnisha Industries Limited and its subsidiaries, being the entities that it controls. Controls are assessed in accordance with the requirement of Ind AS 110 - Consolidated Financial Statements.

ii. **Basis of Measurement**

The financial statements have been prepared on a historical cost basis, except for the following:

- certain financial assets and liabilities (including derivative instruments) that are measured at fair value (refer accounting policy regarding financial instruments)
- asset held for sale and biological Assets – measured at fair value less cost to sell;
- defined benefit plans – plan assets measured at fair value less present value of defined benefit obligation; and
- share-based payments

• **Basis of Consolidation**

- a) The financial statements of the Holding Company and its subsidiaries are combined on a line by line basis by adding together like items of assets, liabilities, equity, incomes, expenses and cash flows, after fully eliminating intra-group balances and intra-group transactions.
- b) Profits or losses resulting from intra-group transactions that are recognized in assets, such as Inventory and Property, Plant and Equipment, are eliminated in full.
- c) Goodwill represents the difference between the Company's share in the net worth of subsidiaries and the cost of acquisition at each point of time of making the investment in the subsidiaries.
- d) The Consolidated Financial Statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances.
- e) The Financial statements of the current financial year are consolidated financial statements, whereas the comparative information is standalone financial statement of preceding financial year.

• **Functional and Presentation Currency :**

Items included in the financial statements of the company are measured using the currency of the primary economic environment in which the company operates ("the functional currency"). Indian Rupee is the functional currency of the company.

Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification an asset is classified as current when it satisfies any of the following criteria:

- It is expected to be realised in, or is intended for sale or consumption in, the Company's normal operating cycle. it is held primarily for the purpose of being traded;

- it is expected to be realised within 12 months after the reporting date; or
- It is cash or cash equivalent unless it is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting date.

All other assets are classified as non-current.

A liability is classified as current when it satisfies any of the following criteria:

- it is expected to be settled in the Company's normal operating cycle;
- it is held primarily for the purpose of being traded;
- it is due to be settled within 12 months after the reporting date; or the Company does not have an unconditional right to defer settlement of the liability for at least 12 months after the reporting date

Terms of a liability that could, at the option of the counterparty, result in its settlement by the issue of equity instruments do not affect its classification.

All other liabilities are classified as non-current.

Deferred tax assets and liabilities are classified as non-current assets and liabilities.

• **Property, plant and Equipment**

Property, plant and equipment are stated at acquisition cost net of tax / duty credit availed, less accumulated depreciation and accumulated impairment losses, if any. Properties in the course of construction are carried at cost, less any recognized impairment losses. All costs, including borrowing costs incurred up to the date the asset is ready for its intended use, is capitalized along with respective asset.

Depreciation is recognized based on the cost of assets less their residual values over their useful lives, using the straight-line method. The useful life of property, plant and equipment is considered based on life prescribed in schedule II to the Companies Act, 2013 for year 2019- 20. For year 2018-19

Asset	Useful Life
Office equipment	5 Years
Furniture	10 Years
Office Premise	60 Years
Vehicle	10 Years
Plant & Machinery	15 Years

• **Financial Instruments**

Financial assets and financial liabilities are recognized when an entity becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in profit or loss.

- **Financial Assets**

- **Classification**

The Company classifies its financial assets in the following measurement categories:

- those to be measured subsequently at fair value (either through OCI, or through profit or loss), and
- those measured at amortized cost.
- Those measured at carrying cost for equity instruments of subsidiaries and joint ventures.

- **Initial recognition and measurement**

All financial assets, are recognized initially at fair value

- **Financial liabilities and equity instruments**

Classification as debt or equity

Debt and equity instruments issued by the Company are classified as either financial liabilities or as equity in accordance with the substance of the contractual arrangements and the definitions of a financial liability and an equity instrument.

- **Equity instruments**

An equity instrument is any contract that evidences a residual interest in the assets of an entity after deducting all of its liabilities. Equity instruments issued by the Company are recognized at the proceeds received, net of direct issue costs.

- **Financial liabilities**

All financial liabilities are measured at amortized cost using the effective interest method or at FVTPL.

- **Financial liabilities at amortized cost**

Financial liabilities that are not held-for-trading and are not designated as at FVTPL are measured at amortized cost at the end of subsequent accounting periods. The carrying amounts of financial liabilities that are subsequently measured at amortized cost are determined based on the effective interest method. Interest expense that is not capitalized as part of costs of an asset is included in the 'Finance costs' line item.

Trade and other payables are recognized at the transaction cost, which is its fair value.

- **Fair value measurement**

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The fair value measurement is based on the presumption that the transaction to sell the financial asset or settle the financial liability takes place either:

- In the principal market, or
- In the absence of a principal market, in the most advantageous market

The principal or the most advantageous market must be accessible by the Company.

A fair value measurement of a non-financial asset takes into account a market participant's ability to generate economic benefits by using the asset in its highest and best use.

- **Revenue recognition**

The Company has adopted Ind AS 115 from 1st April, 2019 and opted for modified retrospective application with the cumulative effect of initially applying this standard recognised at the date of initial application. The standard has been applied to all open contracts as on 1st April, 2019, and subsequent contracts with customers from that date.

Performance obligation:

The revenue is recognized on fulfillment of performance obligation.

- **Sale of products:**

The Company earns revenue primarily from Steel products and trading of Goods. Payment for the sale is made as per the credit terms in the agreements with the customers. The credit period is generally short term, thus there is no significant financing component.

The Company's contracts with customers do not provide for any right to returns, refunds or similar obligations. The Company's obligation to repair or replace faulty products under standard warranty terms is recognised as a provision.

Revenue is recognised when the performance obligations are satisfied and the control of the product is transferred, being when the goods are delivered as per the relevant terms of the contract at which point in time the Company has a right to payment for the asset, customer has possession and legal title to the asset, customer bears significant risk and rewards of ownership and the customer has accepted the asset or the Company has objective evidence that all criteria for acceptance have been satisfied.

- **Borrowing costs**

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale. Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalization.

- **Taxation**

Tax on Income comprises current and deferred tax. It is recognized in statement of profit and loss except to the extent that it relates to a business combination, or items recognized directly in equity or in other comprehensive income.

- **Current tax**

Tax on income for the current period is determined on the basis on estimated taxable income and tax credits computed in accordance with the provisions of the relevant tax laws and based on the expected outcome of assessments / appeals. Current income tax assets and liabilities are measured at the amount expected to be recovered from or paid to the taxation authorities. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted, at the reporting date. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

- **Deferred tax**

Deferred tax is recognized for the future tax consequences of deductible temporary differences between the carrying values of assets and liabilities and their respective tax bases at the reporting date, using the tax rates and laws that are enacted or substantively enacted as on reporting date. Deferred tax assets are recognized to the extent that it is probable that future taxable income will be

available against which the deductible temporary differences can be utilized. Deferred tax relating to items recognized outside the statement of profit and loss is recognized outside the statement of profit and loss, either in other comprehensive income or directly in equity. The carrying amount of deferred tax assets is reviewed at each reporting date.

- **Earnings per share**

The Company presents basic and diluted earnings per share (EPS) data for its ordinary shares. Basic EPS is calculated by dividing the profit or loss attributable to the ordinary shareholders of the company by the weighted average number of ordinary shares outstanding during the period. Where ordinary shares are issued but not fully paid, they are treated in the calculation of basic earnings per share as a fraction of an ordinary share to the extent that they were entitled to participate in dividends during the period relative to a fully paid ordinary share. Diluted earnings per share is computed by dividing the net profit after tax by the weighted average number of equity shares considered for deriving basic EPS and also weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

- **Impact of the COVID-19 pandemic on the business**

The Company engaged in Trading Activity. The lockdown announced on the 24th March 2020 and the various announcement by the Government around the time resulted in shut down resulting into undesirable outcome on the business.

- **Ability to maintain operations including the factory/units/office spaces functioning and closed down:**

Our business activity has been shut down during the lockdown period as the Company was not part of Government denominated indispensable services. The Company has assessed the situation and adopted 'Work From Home' approach for the Employees during the entire period of the lockdown.

- **Schedule, if any, for restarting the operations :**

The Company has resumed business activity from MAY 18, 2020 ensuring strict compliance with the guidelines issued by MHA and also in observance with conditions predetermined by local district authorities.

- **Steps taken to ensure smooth functioning of operations:**

The Company has put in place following strict monitoring procedure for Covid-19 to ensure smooth functioning of operations:

- thermal screening of all the employees and visitors;
- Sanitizing the premises on regular basis;
- Maintenance of social distancing at all workplaces;
- Enforcing wearing of masks, thermal temperature checking and regular cleaning of hands with soap water of all the employees and visitors;
- Check Aarogya Setu App on regular basis of all _the _employee

- **Estimation of the future impact of COVID-19 on its operations:**

These are early days and the Company is not in a position to measure with certainty the potential impact on operations but expects normalcy to be achieved only after a quarter. The circumstances are improving gradually.

Fair value hierarchy

The following section explains the judgments and estimates made in determining the fair values of the financial instruments that are recognized and measured at fair value through profit or loss. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial investments into the three levels prescribed under the accounting standard. An explanation of each level follows underneath the table.

B. Fair value hierarchy for assets**Financial assets measured at fair value at March 31, 2020**

	Level 1	Level 2	Level 3	Total
Financial Assets				
Investment	41,602,615	-	-	41,602,615

Financial assets measured at fair value at March 31, 2019

	Level 1	Level 2	Level 3	Total
Financial Assets				
Investment	13,673,345	-	-	13,673,345

Notes:

Level 1 hierarchy includes financial instruments measured using quoted prices (unadjusted) in active market for identical assets that the entity can access at the measurement date. This represents mutual funds that have price quoted by the respective mutual fund houses and are valued using the closing Net asset value (NAV).

Level 2 hierarchy includes the fair value of financial instruments measured using quoted prices for identical or similar assets in markets that are not active.

Level 3 if one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. This is the case for unlisted compound instruments.

There are no transfers between any of these levels during the year. The Company's policy is to recognize transfers into and transfers out of fair value hierarchy levels as at the end of the reporting period.

C. Fair value of financial assets and liabilities measured at amortized cost

The Management has assessed that fair value of loans, trade receivables, cash and cash equivalents, other bank balances, other financial assets and trade payables approximate their carrying amounts largely due to their short term nature. Difference between carrying amount of Bank deposits, other financial assets, borrowings and other financial liabilities subsequently measured at amortized cost is not significant in each of the years presented.

For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

➤ Financial risk management

The Company's board of directors has overall responsibility for the establishment and oversight of the Company's risk management framework. The board has established the Audit Committee, which is responsible for developing and monitoring the Company's risk management policies. The Committee holds regular meetings and report to board on its activities. The Company's risk management policies are established to identify and analyses the risks faced by the Company, to set appropriate risk limits and controls and to monitor risks and adherence to limits. Risk management policies and systems are reviewed regularly to reflect changes in market conditions and the Company's activities. The Company, through its training and management standards and procedures, aims to maintain a disciplined and constructive control environment in which all employees understand their roles and obligations.

The audit committee oversees how management monitors compliance with the Company's risk management policies and procedures, and reviews the adequacy of the risk management framework in relation to the risks faced by the Company. The audit committee is assisted in its oversight role by internal audit. Internal audit undertakes both regular and ad hoc reviews of risk management controls and procedures, the results of which are reported to the audit committee.

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk.

Risk	Exposure arising from	Measurement	Management of risk
Credit Risk	Cash and cash equivalents, trade receivables, Financial assets measured at amortized cost.	Aging analysis	Diversification of funds to bank deposits, Liquid funds and Regular monitoring of credit limits
Liquidity Risk	Borrowings and other liabilities	Rolling cash flow Forecasts	Availability of surplus cash, committed credit lines and borrowing facilities

(a) Credit risk

Credit risk is the risk of financial loss to the company if a customer or counterparty to a financial instrument fails to meet its contractual obligations. The company is exposed to the credit risk from its trade receivables, unbilled revenue, investments, cash and cash equivalents, bank deposits and other financial assets. The maximum exposure to credit risk is equal to the carrying value of the financial assets. The objective of managing counterparty credit risk is to prevent losses in financial assets.

Trade Receivables

Trade receivables comprise a widespread customer base. Management evaluates credit risk relating to customers on an on-going basis. If customers are independently rated, these ratings are used. Otherwise, if there is no independent rating, risk control assesses the credit quality of the customer, taking into account its financial position, past experience and other factors

For trade receivables, provision is provided by the company as per the below mentioned policy:

Particulars	Gross Carrying Amount	Expected credit losses rate (%)	Expected Credit Losses	Carrying amount of Trade Receivable
Considered for Goods				
0-12 Months	66,17,818	0	0	66,17,818
More than 1 Year	9,29,70,649	0	0	9,29,70,649
Total	99,588,467	0	0	99,588,467

(b) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting the obligations associated with its financial liabilities that are settled by delivering cash or another financial asset. The Company's approach to managing liquidity is to ensure, as far as possible, that it will have sufficient liquidity to meet its liabilities when they are due, under both normal and stressed conditions, without incurring unacceptable losses or risking damage to the Company's reputation.

Liquidity Table

The Company's remaining contractual maturity for its non-derivative financial liabilities with agreed repayment periods is given below. The tables have been drawn up based on the undiscounted cash flows of financial liabilities based on the earliest date on which the Company can be required to pay. The tables include both interest and principal cash flows. The contractual maturity is based on the earliest date on which the Company may be required to pay.

Total financial liabilities	741,340,919	16,000,000	757,340,919

(C) Market Risk

Market risk is the risk arising from changes in market prices – such as foreign exchange rates and interest rates – will affect the Company's income or the value of its holdings of financial instruments. The Company is exposed to market risk primarily related to interest rate risk and the market value of the investments. Thus, the exposure to market risk is a function of investing and borrowing activities

- Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates.

Company's borrowings are Interest free, So there has been no exposure arise regarding Interest Rate Risk.

(D) Price Risk Exposure

The Company's exposure to securities price risk arises from investments held in mutual funds and classified in the balance sheet at fair value through profit or loss. To manage its price risk arising from such investments, the Company diversifies its portfolio. Further these are all debt base securities for which the exposure is primarily on account of interest rate risk. Quotes (NAV) of these investments are available from the mutual fund houses. Profit for the year would increase/decrease as a result of gains/losses on these securities classified as at fair value through profit or loss.

➤ Others

- As informed by the management that the loans are interest free, which in our opinion is violation of Section 186 (7) of the Companies Act, 2013.
- Confirmation of the concerned parties for the amount due to them and/or due from them as per accounts of the company are not received. Necessary adjustments, if any, will be made when accounts are reconciled or settled. Balance of sundry debtors and creditors, loans and advances accepted and given in the balance sheet are subject to confirmation.
- In the opinion of board of directors the value of loans and advances and other current assets have a value on realization in the ordinary course of business at least equal to the amount at which they are stated in balance sheet.
- As per National Company Law Tribunal, Ahmedabad Bench Order Dated 29/05/2017 T.P. No. 38/NCLT/AHM/2017, New segment of Trading & Investment Business has been added (Demerged from Lesha Industries Ltd).
- There is carry forward of losses, the company need not to recognize deferred tax assets in the event of non-availability of convincing evidence as to future income.
- The previous year's figures have been reworked, regrouped, rearranged and reclassified wherever necessary. Amounts and other disclosures for the preceding year are included as an integral part of the current year financial statements and are to be read in relation to the amounts and other disclosures relating to the current year.
